

## **RAYMOND L. BREWER, MD**

Diplomate, American Board of Anesthesiology  
Diplomate, American Board of Pain Medicine

Dr. Raymond L. Brewer, MD is a recognized research clinician with over 20 years of experience in advanced clinical/ pharmaceutical trials, anesthesia, as well as pain and general medicine. As a 1978 honors graduate of the US Merchant Marine Academy, Dr. Brewer has a well-rounded business background which supplements a broad-based clinical research resume.

Graduating from the Uniformed Services University, SOM, Dr. Brewer subsequently became board certified in both anesthesia and pain medicine with the focus of combining his business experience with a strong acumen towards clinical research. Towards that end, Dr. Brewer has owned and operated medical clinics with million dollar annual revenues.

In addition, he has served as primary research investigator on countless corporately sponsored clinical research studies which have led to successful product distribution with multi-billion dollar market capitalization(s). Indeed, in one successful research medical product for which Dr. Brewer was a lead investigator, the product's success was so impressive that the sponsor company was purchased by Johnson & Johnson through a multi-billion dollar offering. Since serving his country honorably in the Air Force on active duty for over 12 years.

Dr. Brewer continues his service in the USAF Reserves as a Lt Colonel with a keen eye of developing pharmaceutical products that have ready adaptability for use in our armed forces, as well as developing expanded markets with sales to the Federal Government & expanding to the general population.
